#### **SUMMARY OF THE REASONS FOR DECISION:**

The computer image file entitled *1~f.jpg* is classified as:  
Objectionable.

The computer image file contains a colour photographic image that explicitly depicts two young teenage girls, aged around 13 and 15, engaging in sexual activity.

The computer image file promotes and supports the exploitation of children and young persons for sexual purposes by encouraging the viewer to be sexually aroused by two young teenage girls and implicitly presents children and young persons as sexually desirable and available, as well as viable and legitimate sexual partners.

A classification of "objectionable" places a limit on the right to the freedom of expression as set out in s14 of the New Zealand Bill of Rights Act 1990. However, in relation to this publication, the classification is considered to be a reasonable limit prescribed by law that can be demonstrably justified in a free and democratic society.
